ANGLO AMERICAN CLIMATE CHANGE POLICY

We recognise that climate change is a real international and community concern and Anglo American commits itself to contribute to finding and implementing solutions to the challenges it poses.

Amongst other actions, Anglo American will:

- monitor and participate in international processes to consider ways of meeting the challenges of climate change;
- seek to understand stakeholder concerns about climate change;
- collaborate in research and development programmes to address the challenges of climate change;
- strive for efficient use of energy and the reduction of greenhouse gas emission intensities at its operations;
- incorporate climate change considerations in its business planning and foster co-operation between its operations in managing greenhouse gas emissions;
- explore opportunities for the use of the market-based emissions reduction mechanisms proposed in the Kyoto Protocol.
